Philosophy-Goals-Objectives and Comprehensive Plans

Research and Evaluation

The Governing Board is committed to the concept that research and evaluation services designed for and dedicated to the improvement of the educational program are supportive to information-based decision making. The administration shall make these services available to personnel throughout the district

Research and Development

The Governing Board encourages a spirit of inquiry and investigation and urges the application of new techniques in a continuous effort to improve district and staff skills.

The climate and appropriate resources necessary to encourage research, to develop staff capabilities, and to develop district programs shall be the responsibility of the Superintendent.
