## Business and Non-Instructional Operations

### Contracts

Whenever state law invests the Governing Board with the power to enter into contracts on behalf of the district, the Board may, by a majority vote, delegate this power to the Superintendent or designee. To be valid or to constitute an enforceable obligation against the district, all contracts must be approved and/or ratified by the Board.

All contracts between the district and outside agencies shall conform to standards required by law and shall be prepared under the direction of the Superintendent or designee.

All contracts, where appropriate, shall be submitted to the legal advisor of the district for review and approval.

When required by law, contracts and subcontracts made by the district for public works or for goods or services shall contain a nondiscrimination clause prohibiting discrimination by contractors or subcontractors.

### Contracts for Non-Nutritious Foods or Beverages

Before the district or a district school enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages or non-nutritious food as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of this contract benefit public education.

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include but not be limited to the following:

1. Control procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources and integrity of every employee responsible for handling money or property. Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

2. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

In addition, the contract may specify whether contractor logos are permitted on district facilities, including but not limited to scoreboards and other equipment. If such logos are permitted (excluding vending machines owned by the contractor), the contractor shall present the equipment to the Board as a gift. The gift may be accepted by the Board in accordance with Board policy and administrative regulation.

The contract shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal.

The Board shall not enter into or renew a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages or non-nutritious food until parents/guardians, students and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled board meeting. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting.

Contracts for Electronic Products or Services

The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board:

1. Enters into the contract at a noticed, public hearing of the Board.
2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.
3. Makes a finding that the district cannot afford to provide the electronic product or service unless it contracts to permit dissemination of advertising to students.
4. As part of the district's normal, ongoing communication to parents/guardians, provides written notice that the advertising will be used in the classroom or other learning center.
5. Offers parents/guardians the opportunity to request in writing that their child not be exposed to the program that contains the advertising. Any request shall be honored for the school year in which it is submitted, or longer if specified, but may be withdrawn by the parents/guardians at any time.
