Management of District Assets/Accounts

The Governing Board recognizes its fiduciary responsibility to effectively manage and safeguard the district's assets and resources in order to help achieve the district's goals for student learning. The Superintendent or designee shall establish and maintain an accurate, efficient financial management system that enhances the district's ability to meet its fiscal obligations, produces reliable financial reports, and complies with laws, regulations, policies, and procedures. He/she shall ensure that the district's accounting system provides ongoing internal controls and meets generally accepted accounting standards.

Capital Assets

The Superintendent or designee shall develop a system to accurately identify and value district assets in order to help ensure financial accountability and to minimize the risk of loss or misuse. District assets with a useful life of more than one year and an initial acquisition cost of \$5,000 or more shall be considered capital assets. The Superintendent or designee shall determine the estimated useful life of each capital asset and shall calculate and report the estimated loss of value or depreciation during each accounting period for all capital assets.

Internal Controls/Fraud Prevention

The Superintendent or designee shall develop internal controls which aid in the prevention and detection of fraud, financial impropriety, or irregularity within the district. These internal controls may include, but are not limited to, segregating employee duties relating to authorization, custody of assets, and recording or reporting of transactions; providing detailed, written job descriptions explaining the segregation of functions; adopting an integrated financial system; and conducting background checks on business office employees.

All employees shall be alert for any indication of fraud, financial impropriety, or irregularity within their area of responsibility. Any employee who suspects fraud, impropriety, or irregularity shall immediately report those suspicions to his/her immediate supervisor and/or the Superintendent or designee.

The Superintendent or designee shall have primary responsibility for any necessary investigations of suspected fraud, impropriety, or irregularity, in coordination with legal counsel, the district's auditors, law enforcement agencies, or other governmental entities, as appropriate.
