

# Huntington Beach Union High School District Board Policies and Administrative Regulations

BP 3510  
Page 1 of 1

## Business and Non-Instructional Operations

### Operation & Maintenance of Plant

It is the responsibility of the Superintendent to insure a continuous inspection of all buildings, grounds, and equipment to provide the best possible environment for teaching and learning.

### Maintenance of Plant

The Superintendent is responsible for the overall maintenance of buildings, grounds, and equipment.

Procedures established in the Administrative Regulations shall be followed. The Governing Board requests the cooperation of students, administrators, teachers and other staff members in support of the custodians and maintenance personnel in carrying out such a program.

### Cleaning

It is the responsibility of the principal to take those actions necessary to provide for clean site buildings and grounds.
