Separation

Employment constitutes a legal, contractual obligation between the school district and the employee. Separation from such employment shall be an orderly process which complies with legal requirements and which recognizes and respects the rights of both parties.

The Board reserves the right to grant the employee a release from contract at any time when the request made by the employee is based on extenuating circumstances and the ongoing instructional program is not placed in jeopardy.

A request for release from contract received on July 1 or thereafter will be granted only if and when a satisfactory replacement is obtained.
