Students

Attendance and Exceptions

The Superintendent and/or designated representative shall be responsible for establishing rules and regulations to ensure uniform attendance accounting procedures in the schools of the district.

District staff shall be responsible to enforce compulsory attendance laws and:

1. Make every effort to see that students attend class.
2. Communicate to parents/guardians the students' legal compliance.
3. Provide appropriate action for students who are in legal violation.

The Board requires students to attend class sessions and to be held accountable for class activities and assignments. The Board further supports the concept that students remain in regular attendance until graduation.
