Students

Dress and Grooming

Dress is a form of personal expression that affects student behavior and self-image. Consequently, future employers, members of the community, school staff, and peers make judgments based upon appearance. While the Huntington Beach Union High School District appreciates the students' right to dress as an expression of self, the district's Board of Trustees has determined that a dress code policy is necessary in order to protect the health and safety of the school environment and to foster student success in a positive manner.

It is the responsibility of the school safety committee to recommend appropriate dress standards to the school principal. The school safety committee may consist of teachers, classified employees, parents, law enforcement liaisons, school administrators, and students.
