Instruction

Concepts and Roles in Instruction

The Governing Board desires to provide a comprehensive, research-based curriculum that motivates every student to succeed. The district's educational program shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful in school and develop to their full potential.

Strategies for improving the educational program shall take into consideration the needs of individual students and subpopulations of students. Students who are failing or at risk of failing to meet academic standards shall be provided with alternative programs and/or supplemental assistance designed to raise achievement.

Inasmuch as parents/guardians are critical partners in their children's education, parents/guardians shall be provided with opportunities to be meaningfully involved both in support of their children's education program at school and with learning at home.

Comparability in Instruction

The district shall provide comparable educational opportunities for all students. Instruction in the core curriculum shall be in no way diminished when students receive supplementary services funded by special governmental programs. Services funded by any categorical program shall supplement, not supplant, the district-provided core curriculum and any services which may be provided by other categorical programs.
