Instruction

Physical Education

During each March, April or May, students in grade 9 shall undergo the physical performance testing mandated by the State Board of Education. Students with a physical disability and students who are physically unable to take all of the test shall undergo as much of the test as their physical condition will permit. (Education Code 60800)

The Superintendent or designee may grant temporary exemption from physical education when a student is ill or injured and a modified program to meet his/her needs cannot be provided. Permanent exemptions shall be granted only as provided by law. (Education Code 51241)

Physical education staff shall take special care to ensure that excessive physical exertion is not required of students who have informed staff of a heart or respiratory condition or other physical disability that may restrict such activity. Any dispute concerning such a condition shall be submitted to the principal or designee, who may make appropriate inquiries consistent with state and federal law. An appropriate alternative activity shall be provided for these students.

Physical education staff shall appropriately limit the amount or type of physical exercise required of students during air pollution episodes, hot weather, or other inclement conditions.
