Parent Involvement

The Governing Board recognizes that parents/guardians are their child's first and most influential teachers and that sustained parent involvement in the education of their child contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their child's education and of the opportunities available to them to do so.

Title I Schools

Each year the Superintendent or designee may identify specific objectives of the district's parent involvement program for schools that receive Title I funding. He/she shall ensure that parents/guardians are encouraged to participate in the planning, design, implementation, and evaluation of the parent involvement program. (Education Code 11503)

The Superintendent or designee shall ensure that the district's parent involvement strategies are reviewed with and agreed upon by parents/guardians of students participating in Title I programs and describe how the district will carry out each activity listed in 20 USC 6318. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent involvement policy in accordance with 20 USC 6318.

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)
