### Education for Foster Youth

The Governing Board recognizes that foster youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and district academic standards, the Superintendent or designee shall provide them with full access to the district's educational program and implement strategies identified as necessary for the improvement of the academic achievement of foster youth in the district's Local Control Accountability Plan (LCAP).

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' interests as defined in law and administrative regulation. The Superintendent shall designate a staff person as a district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Superintendent or designee and a district liaison shall ensure that all appropriate staff, including but not limited to, site administrators, and attendance clerk, receive training on the enrollment, placement, and transfer of foster youth and other related rights.

The Board desires to provide foster youth with a safe, positive learning environment that is free from discrimination and harassment and that promotes students' self-esteem and academic achievement. The Superintendent or designee shall develop strategies to build a foster youth's feeling of connectedness with his/her school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

To address the needs of foster youth and help ensure the maximum utilization of available resources, the Superintendent or designee shall collaborate with local agencies, including but not limited to, the county placing agency, social services, county mental health, probation officers, and juvenile court officers, nonprofit organizations and advocates. The Superintendent or designee shall explore the feasibility of entering into agreements with these groups to coordinate services and protect the rights of foster youth.

At least annually and in accordance with the established timelines, the Superintendent or designee shall report to the Board on the outcomes for foster youth regarding the goals and
