## Instruction

### Education of Children of Military Families

The Governing Board recognizes the challenges to the academic success of children of military families caused by frequent moves or deployments of their parents/guardians in fulfillment of military service. In accordance with law the district shall provide such students with academic resources, services, and opportunities for extracurricular and enrichment activities that are available to all district students.

In making decisions about children of military families, including decisions regarding their enrollment, placement, eligibility for extracurricular activities, or waiver of graduation requirements, the Superintendent or designee shall be flexible to the extent permitted by law and district policy. The placement of children of military families shall be such that the students are not disadvantaged by variations in attendance requirements, scheduling, course sequencing, grading, course content, or assessment. (Education Code 49700)

The Superintendent or designee shall work with parents/guardians and shall collaborate with local, state, and other agencies within and outside the state to facilitate the transition of children of military families into and out of the district.

The Superintendent or designee shall regularly report to the Board on the educational outcomes of children of military families enrolled in district schools, including but not limited to school attendance, student achievement, tests results, participation in extracurricular activities, and graduation rates.
